

The EU Waste Electrical and Electronic Equipment (WEEE) Directive 2012/19/EU requires all Member EU countries to maximise the separate collection, reuse and recycling of WEEE. The UK WEEE Regulations (derived from this Directive) applies to all Electrical and Electronic Equipment (EEE) placed on the market in the UK covered by the scope of these Regulations. Under the UK WEEE Regulations,

“Producers” are required to mark all relevant EEE with a “crossed-out wheelie bin” symbol to remind consumers not to discard WEEE in the domestic waste stream. AGD Systems Ltd encourages all of its customers to make note of this symbol and avoid putting any WEEE in your domestic waste bin(s) or container(s).

AGD Systems Ltd supports the reuse and recycling of WEEE as there are several environmental benefits of doing so, such as: Reduction of raw material and energy usage, prevention of landfill, prevention of hazardous and/or toxic materials present in some WEEE contaminating the environment.

As a Producer under the UK WEEE Regulations, AGD Systems Ltd complies with its Producer Obligations by being registered as a Member of the WeeeCare Compliance Scheme and obtaining the WEEE Producer Registration Number – **WEE/JJ3298TX**

WeeeCare

As a B2B Producer under the UK WEEE Regulations, AGD Systems Ltd allows for its customers and end users of the EEE placed on the market in the UK to return WEEE back to us. Such AGD WEEE can be returned to the following location:

AGD Systems Ltd, White Lion House, Gloucester Road, Staverton, Cheltenham, GLOS GL51 0TF
